

Dear Parent/Carer,

On 1st April 2024, following our public consultation, Swift Academies and Queen Elizabeth Sixth Form College came together to form Inicio Academies, an innovative 2-19 Multi Academy Trust with the ambition to positively transform young people's lives through the highest possible standards of teaching, learning and care.

Our intention in forming Inicio is for all of our schools and colleges to benefit from the advantages that come with collaboration. By creating Inicio our academies will gain both strategic and financial advantages, which will enable us to protect and enhance the experience of our students.

As part of this new organisation being formed, there have been a number of changes of role at senior level. This will not affect schools directly, but does reflect an increase in capacity at Trust level which will, in turn, increase the level of support that the schools receive and so enhance pupils' experience.

Senior personnel at the new Inicio Academies are as follows:

Chair:	Iain Clyde	Chief Operating Officer:	Lisa Marron
Chief Executive Officer:	Tim Fisher	Chief Financial Officer:	Glen Hart
Deputy Chief Executive Officer:	Dean Judson		

You can find out more about Inicio Academies by visiting www.inicioacademies.org.uk

This is an exciting time for all of our academies and I am confident that by working together we can secure the brightest possible future for all of our young people.

Yours sincerely

Tim Fisher
Chief Executive Officer
